PROFESSIONAL EXPERIENCE

Yurek Pharmacy Ltd.

London, ON, Canada

Dispensary Assistant (Full Time)

August - October 2023

- Demonstrated expertise in compounding sterile preparations while adhering to USP 797 guidelines and maintaining a cleanroom environment compliant with federal and provincial regulations. Familiar with Kroll Dispensing software, ensuring efficient handling of medication orders and inventory management.
- Managed inventory by ordering, receiving, and storing medications and supplies to ensure uninterrupted operations and quality patient care in a high-pressure environment. Conducted deep cleaning of the cleanroom, ensuring a sterile environment.
- Maintained composure and accuracy in a fast-paced setting, meeting tight deadlines while adhering to regulatory requirements and safety protocols.

Stanford Hospital (SHC)

Palo Alto, CA, USA

Inpatient IV Sterile Compounding Pharmacy Technician (Full Time)

March - August 2022

- Excelled as the youngest Pharmacy Technician in the IV Room compounding IVs for an average 700 census at one of the top renowned hospitals in the world known for its patient care.
- Collaborated with the IV Room team to manage daily cart fills, stat compounds, batching and adjustments due to medication shortages. Proficient in various compounds, including use of repeater pumps, CADD IV pumps and Easypump IV pumps.
- Trusted to independently cover the IV Room and assist in the Chemo IV Room. Aided in monthly deep cleanings, projects, training new team members and maintaining compliance audits and inventory through the use of Epic, Box Picker, and Omnicell. Acknowledged in daily huddles for contributing to team efforts in overcoming challenges within the IV Room.

Eden Medical Center (Sutter Health)

Castro Valley, CA, USA

Inpatient Pharmacy Technician (Per Diem)

December 2021 - August 2022

- Played a key role in preparing and delivering medications, including narcotics, sterile and non-sterile compounds, at a Level II Trauma and Primary Stroke Center, maintaining the highest standards of accuracy and patient care.
- Maintained compliance through inventory management, audits, and reporting, while utilizing systems such as Epic, Pharmacy Keeper, and KitCheck to optimize pharmacy operations.
- Thrived in various shift types, including IV compounding (including chemo) with proper aseptic techniques, and trusted to independently manage tasks during Graveyard and IV Room shifts.

Central Valley Specialty Hospital

Modesto CA, USA

Inpatient Pharmacy Technician (Per Diem)

August 2021 - March 2022

- Ensured accurate and timely preparation and dispensing of medications, including narcotics, sterile and non-sterile compounding, improving medication delivery efficiency. Maintained optimal inventory levels by conducting regular stock checks, placing medication orders, and preventing stock outs or expired drugs.
- Supported patient safety by monitoring and maintaining compliance logs, temperature records, and crash cart inventories.
- Contributed to team development by training and mentoring new technicians and pharmacy students.
